Grand Canyon - North Rim

Grand Canyon National Game Preserve (established in 1906), became Grand Canyon National Park by an Act of Congress in 1919.

Grand Canyon National Park covers 1,218,375 acres in northwestern Arizona. It includes 105 miles of the most colorful part of the Grand Canyon of the Colorado River.

Grand Canyon is known for its overwhelming size and its intricate and colorful landscape. Geologically it is significant because of the thick sequence of ancient rocks that are beautifully preserved and exposed in the walls of the canyon.

Camping requires a permit from the Backcountry Office. For more information call 520-638-7875. You should apply for a permit well in advance of your trip. The North Rim is closed from mid-October through mid-May.

Approx. 348 miles (7 hours, 31 minutes)

* Mileage and fee information are subject to change.

*map is not to scale
